Remembering our friend, Mary Martin.
 Mary loved the theatre and several years ago she joined the Civic Theatre in Leeds. She became a member of LCT & here she helped backstage, with costumes & props, but also put her talents into acting & directing. The many shows which she directed, including our first performance of The Man in the Moon, all had that special quality that was Mary. Her lovely smile, her sparkly eyes & her warm friendly personality will be greatly missed by us all.

Children's Theatre is a voluntary, not-for-profit, drama society founded in 1935. We produce two shows each year, and receive no external funding. As a society we are dedicated to the principle of quality affordable children's entertainment, in order to encourage the introduction of the theatrical experience for young children. We are members of both NODA and the Leeds Civic Arts Guild.
